

CHAMP Microscope™

The future of tumor visualization

> On-site Diagnosis

Enabling on-site diagnosis inside the surgical theatre within just 3 minutes

> Enhanced Usability

Our solution utilises a simplistic design to create an easy and practical user experience

> Non-Toxic and Non-Destructive

Tissue specimens are imaged without any tissue processing or chemical staining

> Non-Disruptive

Fits perfectly into the current clinical workflow

Deep – CHAMP™

Pushing the limits of virtual staining
